

Mini Crawlers

Used Mini Crawler San Francisco - We have designed numerous programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the skilled operator who needs re-certification or certification, and for inexperienced operator who is looking for work in the business. Crane operator positions are in demand because of their high rates of pay. Operators of cranes are among the highest paid of whichever heavy machine operator. Our Crane Operator training provides instruction for various mobile cranes. Course subject consists of Wire Rope, Crane Set-up, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging. The Crane Training School program is best for supervisors, operators and riggers. Course materials comprise a manual and informative hand-outs. The safety instruction manual which is illustrated consists of 100 to 250 pages, depending on the course, of vital and useful material. Course materials include load charts and load chart exercises for the crane with which the trainee is working. Over half of the course involves Hands-On Safety Training. Practical training is helpful for increasing and developing personnel skills levels. Only skilled journeyman crane instructors are selected to teach the courses. Our instructors possess many years of industry experience. Optional testing mechanisms are provided for all of our courses. Students will usually write tests both prior to and following training. A skills test is normally administered for programs which comprise H.O.S.T. Trainees would be tested and graded. We offer certified training programs for the following cranes: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; Certification & Testing; and In-The-Seat Training. As the new business requirements surface, the industry standards of practice also evolve. The industry sees continual updates to regulations and legislation, in addition to equipment and technology improvements. Industry data analysis and collection identify trends that are changing. Members maintain the advantage of managing their certifications and training programs. Mobile device alerts keep members ahead of personal and workplace safety news.
